Supply & Maintenance of Sports Equipment

WHO NEEDS MAINTENANCE ?

- Schools
- Sports/Leisure Centres
- Gymnastic Clubs
- Trampoline Clubs
- MOD
- Hotels

WHY DO YOU NEED MAINTENANCE ?

- Optimise equipment availability.
- Prolong equipment life.
- Minimise overall maintenance cost.
- Safety.
- British Standard 1892 Part 1: 1986 states that "It is important that all physical education apparatus is maintained in a first class, fully safe condition."
- "General maintenance should take place regularly.
An inspection should be carried out at least once a year."
- Remember safety is your responsibility.
- For peace of mind you should have your equipment maintained regularly.

WHY CHOOSE SPORTSAFE ?

- We only employ fully trained service personnel backed up by our extensive manufacturing facilities.
- Fleet of service vehicles operating nationwide equipped to carry out most maintenance and repairs on site.
- We maintain and repair all types and makes of equipment.
- Your guarantee of satisfaction and safety is founded on Sportsafes excellent reputation built up over many years.

WHAT TYPE OF MAINTENANCE ?

- From a fully comprehensive county authority contract which includes replacement of worn or damaged parts through to a one off visit on a time and material basis.
- Full maintenance and repair service on all types and makes of equipment.
- An inspection and repair certificate is completed during the visit by our service engineer, a copy being left for your safety records.
- A written quotation and explanation is sent in respect of any item of equipment considered to be beyond economical repair or requiring further work to bring it up to standard.
